

Access the DIA Global Annual Meeting – Virtual Meeting

- Please check to make sure you have access to your DIA account
- “We recommend **logging into the DIA website** and confirming that you know your username and password in the days prior to the live event, to ensure you can access the sessions.
 - Go to www.DIAglobal.org and login at the top
 - Enter your **User ID** and Password

Please Note: If you do not have a DIA User ID and Password, click "Forgot User ID?" in the login window, and enter the email address you provided at registration. An automated email from DIA will be sent to you with instructions for resetting your password. You do not have to be a DIA member to have a User ID and Password. “

- If you need additional assistance for account access please contact Americas.customer.service@diaglobal.org by June 12th at 12pm to reset

Already a DIA Member? Sign in. Not a member? Join.

Access Virtual Conference

There will be an **Attendee Consent** notice that will populate. Please review and answer each question to continue onto the platform.

Attendee Consent

For: DIA 2020 Global Annual Meeting

To amplify your Global Annual Meeting Experience, you have the opportunity to participate in additional engagement opportunities including random prize drawings and other contests.

* In exchange for participating in these additional engagement opportunities, I agree to share my contact information with the Exhibitor and Innovation Theater providers with whom I visited.

Yes, I want to participate in the engagement opportunities, and agree to share my contact information with the Exhibitors with whom I visited.

No, I do not want to engage or be eligible for prize drawings and other contests.

Your response will not affect your ability to participate in the Global Annual Meeting, visiting the Exhibitor, or viewing an Innovation Theater.

DIA is empowering professionals with quality interactions and AI-powered networking at the Virtual Global Annual Meeting.

* Using the GRIP platform, you can meet the right people to advance your professional network and meet your business needs with intelligent matchmaking technology. Your GRIP account is ready to be activated. To begin networking with your fellow attendees, activate your GRIP account by clicking "yes" below.

Yes, I want activate my GRIP account. I understand this enables other attendees and exhibitors to contact me for networking through the GRIP platform and with related email notifications.

No, I do not want to network. Do not activate my GRIP account.

SAVE

For comments, questions or concerns pertaining to the Global Annual Meeting and the preferences you've selected, please contact CustomerService@DIAglobal.org.

If you choose to not activate your GRIP account, you will NOT be able to access the networking features of our virtual platform. If you would like to activate your GRIP account at a later date, please email NAevents@diaglobal.org.

Once you navigate those screens, if you are not directed to the DIA 2020 Platform, and instead receive a page like below, please contact onlineeventprohelp@freeman.com for online support during the event. They will be able to get you on the platform, as it is on the site side not DIA.

- Mailbox Hours of Operation: one hour before the event starts until one hour after the event is over.

DIA

DIA fosters innovation to improve health and well-being worldwide, through a multidisciplinary, neutral environment, globally respected for integrity and relevancy. From customized learning experiences, to real-time and on-demand insights, to collaborative, problem-solving events, DIA's members build professional acumen and act upon trusted relationships to address the life science challenges of an increasingly complex and interconnected world. Whether physical or in the virtual space, DIA forums serve as a catalyst for better policies, regulations, science, research and development, and ultimately, better patient outcomes. To learn more about DIA and how to get involved, visit us at DIAglobal.org.

#109 L International Convergence on Regulatory Review and HTA: Getting the "Universal Evidence" We Need for Decisions on Innovation

CE: ACPE, CME, IACET, RN
 Component Type: Forum
 Level: Intermediate

The introduction of innovation into healthcare systems requires decision making based on an increasingly complex and diverse evidence. This International panel of regulators and HTAs will discuss perspectives for "universal clinical evidence".
