

**DIA 2022**  
GLOBAL ANNUAL MEETING

**CHICAGO, IL**  
**JUNE 19-23**

**INNOVATION THROUGH COLLABORATION**

**#DIA2022**

**Want to help spread the word, expand ideas, and allow for an even more comprehensive conference experience?**

It's quick and easy! Just follow the steps below to share with your network on social media and grow the conversation.

**STEP 1**

**Start with some sample messages or share your own.**

The #DIA2022 program theme is Innovation Through Collaboration. After another busy year, I can't wait to reconnect with my colleagues to discuss how our community can continue to move forward with purpose.

Will I see you at #DIA2022? Join me for the Global Annual Meeting promoting innovation through collaboration via exciting sessions, exhibitions, short courses, and more.

Healthcare and life sciences professionals, you can't miss #DIA2022. Join me at the Global Annual Meeting to discuss how we can drive innovation through collaboration!

The world is changing - are you changing how you practice? #DIA2022 challenges you to drive innovation through collaboration at the Global Annual Meeting. Register today!

Did you hear? The #DIA2022 speakers and sessions list is about to be announced! Lots of great sessions this year including <XYZ> talk on <topic>. Interested in attending? Details here:

**STEP 2**

**Share which track you are most excited about!**

I'm attending Track 1 of #DIA2022 to expand my knowledge of the global regulatory environment of clinical safety and pharmacovigilance for medical products. Will you join me?

Join me at Track 2 of #DIA2022 to cover the latest advances in clinical research and operations for design strategies, operational efficiencies, and integration of patient outcomes in clinical trial design.

I can't wait to attend Track 3 of #DIA2022! Join me in learning about the innovative technologies improving efficiency in clinical trial data collection.

Discover global insights from medical affairs professionals and medical writers at Track 4 of #DIA2022. Register today!

Track 5 of #DIA2022 discusses meaningful patient engagement in medical product development, from early product development and approval to maintenance phases. Register to join me.

Join me at Track 6 of #DIA2022 to cover the latest strategies in early-stage compound selection, updates on safety considerations for drugs and biologics, how PK/PD affects dosing strategies, and methods to improve data quality and integrity for downstream decision-making.

Attend #DIA2022's Track 7 to learn about best practices to improve project and program execution, strategic planning, and portfolio management. Register today to save your place.

I can't wait for the R&D Quality and Compliance track at #DIA2022! Join me for a comprehensive view of the preclinical, clinical, and pharmacovigilance domains within the biopharmaceutical landscape.

I'm attending Track 9 of #DIA2022 to learn more about the global laws, regulations, guidelines, and guidances that govern prescription biopharmaceutical and device product development, approval, and maintenance. Will I see you there?

Register for #DIA2022 to attend Track 10, covering regulatory CMC and product quality for worldwide markets, accelerated development timelines, new technologies, emerging regulations, and increased scrutiny of manufacturing operations and data. I hope to see you there!

Join me for Track 11 of #DIA2022. This track focuses on statistical thinking to inform policy, regulation, development, review, and lifecycle management of medical products in current scientific and regulatory environments.

Will I see you at Track 12 of #DIA2022? This Value and Access track covers the impact of the evolving healthcare landscape through healthy discussions between regulators, industry leaders, and more.

Attend Track 13 of #DIA2022 to discuss ongoing personal career growth and team tactics you can take for short- and long-term growth. Will you join me?

**STEP 3**

**Copy and paste the appropriate conference link after your message.**
